Sub : Deputing Physics teachers for One-day seminar on "Restructuring of Physics Curriculum at UG Level - The Teachers Colloquium" on 16-04-2024- Reg.

Respected Sir/ Madam,

With reference to the subject cited above, the Department of Physics, Osmania University is going to conduct One-day seminar on "Restructuring of Physics Curriculum at UG Level -The Teachers Colloquium" for UG Physics Teachers on 16th April, 2024.

Physics is an essential subject and is needed to mould future generations with technology and maintain the role of students as the leaders in technological development. Proper teaching of Physics plays a pivotal role in preparing upcoming generations for even more developed technological world in the future.

However, there is evidence of a persistent decline in the number of students opting programmes for basic science courses, especially Physics in undergraduate programs in our Telangana State. The statistics show a more declined trend after the introduction of Bucket System in DOST online admission process in our state.

The Physics teacher's community is concerned about the decline in the number of students enrolled with Physics/ Chemistry as one of the subjects. In this scenario, the Physics teachers need to adapt to the changing technology and reorient themselves in order to make studying Physics more attractive and beneficial for the students, which will help the graduated students more employable.

In this regard, the Department of Physics, Osmania University, in collaboration with Indian Association of Physics Teachers (IAPT) has planned to organize a One-day seminar on 16th April, 2024 to bring all the Physics teachers on to a common platform to discuss the teaching methodologies and new course structure that would help to make Physics programmes more attractive and preferable for the incoming students. There is an urgent need to make Physics programmes more interesting with the interdisciplinary courses and other relevant electives which students might like.

Therefore, we request your good offices to accord the permission to all the Physics Teachers working in University/ Government/ Aided Degree/ Gurukulam Colleges in the Telangana state to attend the proposed seminar along with "On Duty" facility.

Thanking You

Yours Sincerely

(Prof. M. Srinivas)

Dear Professor,

Sub : Request you to set a question paper for the course – B.SC(STATISTICS) - STATISTICAL METHODS- Reg

Thank you for agreeing to be the external examiner for the ODD-Semester examination in B.SC(STATISTICS) - STATISTICAL METHODS. We are very grateful for your time and effort and deeply appreciate your commitment.

I request you to prepare **TWO** sets of Question Papers (word document only) in the course mentioned above. Please send the soft copy to exams@sfc.ac.in

Kindly note the following important guidelines for paper setting:

1. Please set two question papers and mail them to us within 7 Days.
2. The syllabus and a model question paper are attached for your reference. Please ensure that the question paper covers the entire syllabus.
3. The question paper must strictly adhere to the pattern of the model paper.
4. Before submitting the question papers, please check that questions are **NOT REPEATED** and that the questions can be answered within the stipulated time.
5. In case of subjects which involve numerical values, kindly present them in tables to avoid distortion in formatting.
6. You are requested to confirm your acceptance through mail.
7. Kindly keep your appointment strictly confidential.
8. **Kindly provide your Account details (Name, Account No, IFSC Code, Bank name & Branch) along with the question paper.**
9. If you need further clarification, please contact the Controller of Examinations by mail at exams@sfc.ac.in or by calling **9494737744 / 9912060607**

Kindly observe absolute confidentiality in the drafting of question papers and destroy all copies of drafts or final versions of the question papers.

Please Note:

- Evaluation of Answer Scripts is through online. Portal link and credential will be sent to you through Mail once we are done with the exam.
- Remuneration for the paper setting and evaluation will be credit in the month of **Nov/Dec 2024**

As an Autonomous Institution, we rely on our External Examiners as one of the principle means of establishing high academic standards. External evaluation is an essential ingredient of our institutional quality assurance. We look forward to a long-term association that would be of great benefit to our institution. Kindly acknowledge the mail.

Thank you.

Sincerely,
Dr. Alice Esther David
