BEST PRACTICE I

TITLE: Career Advisory and Augmentation Service (CAAS)

Objective:

Avanthi Degree and PG College has a dedicated “Career Guidance, Training & Placement Cell” which was initiated in the year 2021 and is being upgraded every year as per the technological advances and industry requirements. The main objective of the cell is to groom the students to excel in the competitive world and to enhance their overall technical skills and maintain good placement record. This cell continuously strives to help students in pursuing their career goals by acquiring employment seeking skills and ultimately to attain desired employment. This is accomplished through building a strong partnership amongst students, alumni, faculty-members and industries. The “Career Advisory and Augmentation Service (CAAS)” is a division running under Career Guidance, Training & Placement cell that boosts the technical skill, communication assessment, language skills of the students.

CAAS organizes programs and sessions to brush up the logical, analytical and verbal skills of the students and train them to secure placements in best industries. Career guidance begins with an assessment of an individual’s skills, interests, and strengths. This information is then used to identify potential career paths that may be a good fit.

Context

As the global economy becomes increasingly competitive, it is more important than ever for students to make informed decisions about their careers specially with the rise of Overseas education opportunities. While studying abroad provides students with a wealth of opportunities to learn, to grow, and explore new career paths, it can also be a confusing and overwhelming experience, especially for students who are unsure about what they want to do with their lives. Career guidance can help students understand their strengths, weaknesses, and interests, and provide them with a clearer picture of the career paths available to them. Our management being not new to this aspect of success has focussed on the training of the students for placement from the first year onwards. Within a short period, a Career Guidance, Training & Placement cell has been established with an experienced placement officer and a dedicated team. Since then the placement process of the college has taken a step towards successful placement of students. They provide information about various occupations, such as job requirements, growth potential, and earning potential.

AVANTHI DEGREE & P.G. COLLEGE

(Affiliated to Osmania University & Recog. by Govt. of Telangana)

3-4-375/A/1, Barkatpura, Hyderabad - 27. (Block-I),
Road No. 12, Above Honda Showroom, (Block-II), Narayanaguda, Hyderabad - 28.

The Practice

The Career guidance, Training & Placement cell consists of distinguished departments which will be dealing with both technical and non technical practices. The technical team will be dealing with recent trends in the automated world of various digital platforms. The domains in the technical aspects are based on different programming languages as well as testing tools in various departments of information technology. Some of the languages are problem solving using C. Python programming. Java script and Automation testing tools like SQL, testimonials etc. The non-technical team will be dealing with the proper projection of knowledge inside the ignited minds, the team will be supporting the students in improving their personal and mental capabilities and build confidence to survive in the competitive world. Improving soft skills of the students by focusing on their vocabulary, error detection, resume building, participation in group discussions. JAM sessions etc. The team also deals in improving the arithmetic ability of the students like aptitude, reasoning and logical thinking.

The students of our college are provided with guidance and training right from the first year to make them future ready. The orientation sessions are conducted as a part of curriculum by the external industry experts along with training professionals of the college. The sessions are conducted every year for a continuous fifteen days along with regular class work for all Engineering disciplines Students have the feasibility to choose their passionate path and combine their academic knowledge with the training and guidance provided by the Career guidance and Placement cell as the prerequisite for their successful career.

PROBLEMS ENCOUNTERED:

Communication is the first challenge encountered by the students hailing from a rural background which has to be overcome as it is vital for any placement.

In spite of being good at academics, some students are unaware of the latest technologies and practices of the job market and industry.

There is a lack of awareness and information among both parents and students about the various career options available to them.

It is a difficult task to make the students speak confidently in front of a large group and face the interviews.

RESOURCES REQUIRED:

The continuous updating of the "Career guidance, Training & Placement cell" is necessary to help the students get through the actual recruitment process

REPORT

Investiture Day is a significant event that marks the formal installation of student leaders into their respective roles within the college. It is a ceremony that signifies the passing of responsibilities, the acknowledgment of leadership qualities, and the commitment to uphold the values and principles of the institution. The celebration also serves as an opportunity for the freshers to get acquainted with their fellow students, faculty, and the college environment. It also aims to create a warm and inclusive atmosphere, helping newcomers feel comfortable and excited about their college journey.

Report on "Aptitude Training"

Name of the program : Aptitude training
Date : 11-08-2023 to 12-08-2023
Timings : 10.00 A.M-1.00 9PM
Resource person : Mr D SANTHOSH
No of participants : 200 students

The program is intended to educate the students about the importance of aptitude skills in their career and train them. Mr. D SANTHOSH has done a wonderful job in order to improve the mathematical, analytical and logical skills of the students.

Topic: Aptitude Training

Outcome: Aptitude testing can help identify an individual's vocational strengths and weaknesses in specific areas which can help them succeed in a particular job or career. It can also help identify an Individual's level of intelligence, which can help them learn more effectively and achieve their goals. The training program emphasized on that and also conducted tests so that the students can identify and improve their level of solving aptitude problems

A Career Counseling Session was organized for the UG-III year and PG -II year students of of Avanthi Degree and Pg College. During the session, the speaker Prof M Vijjulatha , Career counselor conducted a Career Guidance program on 14.4.2023 for educating the students and to help them understand about themselves first in terms of their interests and abilities and what do they expect from their education and career. He advised them to be organized and make appropriate decisions while choosing the career. The speaker also told students to identify the factors which influence their career choices and act accordingly. The speaker educated the students about the career opportunities available for them in Government and Private sector for all the branches of Degree and Masters and has quoted that all branches are ever green and it is not the branch but it is one's passion and interest that really matters. She suggested them to have a goal in life and take an appropriate step and to be determined to achieve the goal. She even conveyed to the students about Higher education opportunities and the importance of GRE, TOFEL and IELTS examination to get admission into reputed universities in US, Canada, Australia, Germany, UK, etc. She also suggested for PG students For Ph.D program like UGC_CSIR examination etc..Students benefitted tremendously from this session and their engagement with the speaker proved to be an excellent platform to make strong and intelligent decisions for their careers.

BEST PRACTICE 2

Title: Promoting social responsibility among students

Objective:

Promoting Social Responsibility among the students of Avanathi Degree and PG College

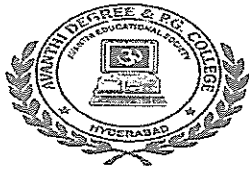

1. Foster Awareness: Educate students about societal issues to increase their understanding of social responsibility.
2. Encourage Critical Thinking: Engage students in discussions and debates to develop analytical skills and broaden their perspectives on social issues.
3. Promote Civic Engagement: Provide opportunities for community service and voluntary work to instil a sense of responsibility and active engagement.
4. Cultivate Empathy and Compassion: Create an inclusive environment that fosters understanding, empathy, and a willingness to help others.
6. Foster Collaboration and Teamwork: Promote collaboration on social initiatives to develop teamwork and leadership skills among the students.
7. Sustain a Culture of Social Responsibility: Integrate social responsibility principles into the curriculum and institutional policies to promote a long-standing culture that prioritizes social responsibility.

Context:

At Avanathi Degree and PG College, the Avanathi National Cadet Corps (NCC) AND NSS plays a crucial role in governing social responsibility activities. Acting as a liaison among the students, faculty, and community, NCC & NSS ensures the effective coordination of various initiatives. The cell organizes and facilitates community service programs, awareness campaigns, and extends support to marginalized communities

Practice:

In the context of Indian higher education, the practice of instilling social responsibility in students is often supported and facilitated by organizations such as the Avanathi NCC and NSS. This governing body plays a crucial role in establishing and promoting social responsibility initiatives among students, enhancing their engagement in community development and social causes

AVANTHI DEGREE & P.G. COLLEGE

Road No. 12, Above Honda Showroom, (Block-II), Narayanaguda, Hyderabad - 28.

Avanthi Degree and Pg College serves as a centralized body that coordinates and oversees various social responsibility programs within educational institutions. Its primary objective is to create a structured framework for fostering social consciousness, empathy, and civic engagement among students. By establishing partnerships with academic institutions, NCC&NSS ensures the effective implementation of social responsibility initiatives across campuses.

One of the key functions of College is to organize and manage donation drives. It collaborates with students, faculty, and staff to raise funds or collect essential resources for various social causes. Through these donation drives, students actively contribute to addressing pressing social issues, such as poverty alleviation, education access, healthcare support, and environmental conservation. NCC &NSS ensures a proper allocation of resources and their efficient distribution to the beneficiaries.
